Bhopal 84: The Greatest Industrial Crime in History

« Slow and silent disasters like Bhopal happen every day, in various parts of the world. » It was with these words that Indian activist Rachna Dhingra, explained to the Brasil de Fato team why she dedicates her life to reporting on a crime that occurred decades ago. In the early hours of December 3rd, 1984, more [...]

Chinese Machines, Peasant Lands: Technology to Feed Brazil

This documentary follows the technical cooperation between Brazil and China to democratize the mechanization of peasant family farming in Brazil's Northeast. The film reveals the challenges faced by Brazilian small-scale farmers and the expectations surrounding new agricultural technologies, which today are largely concentrated in agribusiness. By listening to the voices...
