Internatioan People's Assembly

Students will not be stopped! Palestine will be free!

willianlopes · Wednesday, April 24th, 2024

The International Peoples' Assembly stands in solidarity with the courageous students across the world who are intensifying their struggle in solidarity with the Palestinian people and against Israel's genocide through a [wave of university encampments](#).

We denounce the brutal repression and mass arrests of students peacefully protesting their administrations' investments in the Zionist entity and demanding an end to all academic partnerships and cooperation. In solidarity, students across the world are igniting their campuses in fierce struggle. Their courage inspires us and their resilience gives us hope.

We call on all progressive and revolutionary forces around the world to join in solidarity with these students and the people of Palestine resisting on the frontlines.
